Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's attorney telephoned the examiner in order to discuss the Notice of Non-Compliant Amendment mailed, 1/22/28. Applicant's attorney indicated that he complied with the last Notice of Non-Compliant amendment mailed, 10/10/07. The examiner directed applicant's attorney to the attachment included with the Notice of Non-compliant Amendment of 1/22/08 and stated that it is unclear what is to be done with the paragraph submitted in the amendment. The examiner indicated that an instruction to add, delete or replace a paragraph is needed. Applicant's attorney inquired as to whether or not the amendment could be accepted as is. The examiner stated that she would consult with a Legal Instrument Examiner. After consulting with Robin Evans, Technology Quality Assurance Specialist, and Tamara Harell, Legal Instrument Examiner, who both indicated that the instruction to add, delete or replace is necessary in order for the amendment to be compliant, the examiner telephoned applicant's attorney indicating such. Applicant's attorney indicated that he would send in a new amendment..
